

Hello Everyone;

**Lots of NOTICES to put on your calendars:**

**LIMB PICKUP SCHEDULE**

(located on the reverse side)

**HYDRANT FLUSHING DATES**

Wednesday, April 19 and Thursday, April 20      Alternate dates      April 26 & 27

**BEST WAY “SPRING CLEANUP DAY”**

(please see stipulations on the reverse side)

May 9 and 12

**EASTER EGG HUNT**

April 15<sup>th</sup>      Ivester Park from Noon to 4:00 P.M.      Sponsored by Faith UMC and FHC churches

The Mechanical Wastewater Treatment Plant Bids were opened on March 22<sup>nd</sup>. We received bids from four (4) companies. Recommendations will now be made by council.

Acting Mayor Millard brought to council a concern that she has received many complaints regarding Best Way’s garbage pickup, one being the late hour in the afternoon of pickup service. Best Way is being advised to begin before 7:00 A.M.

Oh! I almost forgot to let you know I am back in the office now. I am available Monday and Tuesday afternoons and by appointment during remainder of week. Call the office 937-692-8500 or my cell 937-423-0202.

Another note of interest: **WE NOW HAVE AN ADMINISTRATOR**

William (Bill) Kessler has been appointed as the Village Administrator. Bill is a native of Arcanum. He and I have had many meetings and are getting up to date. Spring is always a busy time in the village. Any concerns or suggestions, please contact Bill at 937-467-1868 or email [va@villageofarcantum.com](mailto:va@villageofarcantum.com).

There seems to be a concern about lifeguards for the pool. I have set a meeting for all interested applicants to introduce Bill and discuss any concerns. As the Village Administrator, he is mandated to oversee the operations of the pool. I see no reason for concern to open the pool as scheduled. The maintenance department has begun the mechanical process and they are finding only minor problems. I want to thank Julie for all her time and efforts the last 5 years supporting the operation of the pool.

Upcoming legislation will involve: a moratorium on applications for zoning cultivation, processing or sale of Medical Marijuana, applying for the Darke County Parks Grant for handicap walkways to be installed at Ivester Park and the Ball Park. Also the County CDBG projects involving curbs and sidewalks, and a Mosquito Spraying Grant provided by the Health Department. Bill is going to be busy.

**\*\*Two items have been turned into the office that were found in the Village, if you are missing something please come into the office to describe and claim your items\*\***

Everyone enjoy the prospect of spring and outdoor activities beginning.  
“Judy’s on duty”
