

INSTRUCTIONS FOR ZONING PERMIT APPLICATION

1. Applicant shall accurately describe the intended use of the lot or lot and building(s). Failure to adequately describe intended use may delay or prohibit issuance of permit.
2. Applicant shall certify and attest to the truthfulness of the information provided on the application by signature. Failure or refusal to so certify shall constitute grounds for refusal to issue permit.
3. Prior to submittal of application, markers shall be placed on the lot to identify corners of the lot where lot lines intersect street rights-of way and/or to identify dimensions of proposed buildings. Markers shall be placed on the lot so that inspector may verify compliance with yard and setback requirements.
4. If application is for construction or building modification requiring additional water or sewer taps, water and sewer tap fees must be submitted prior to issuance of permit.
5. Each application shall be accompanied by two (2) copies of a site plan of lot identifying lot dimensions and location of proposed building site. Site plan shall be legible and accurate. A minimum sketch contains the following:
 - Lot width
 - Front yard depth from right-of-way
 - Rear yard length
 - Side yards width
 - Lot depth
 - Dimensions and height of building
6. Each application for new construction will be accompanied by two (2) complete sets of drawings. One set will be signed and returned with the attached approved zoning permit.
